Hi Marty,

Absolutely, are you in this week? I'll be in the office tomorrow. I'm also heading to Silverton later on that week so I'm by no means keen on going. I just want to be sure you have the support you need.

Can we chat? Summit County doesn't even want Removal at this meeting and I am worried about bringing too many EPA people. Maybe we spin you up when the school gets rolling?

Hi Laura,

I'm just trying to get through this round of intense travel. I haven't thought ahead to August!

After giving it some thought this morning, I am thinking about flying out on Monday August 10 so I'd have a full day Tuesday to see the site. (I haven't been there yet) and then flying home Wednesday Aug 12 probably mid-morning.

I'll be back in the office tomorrow and will call around for hotels and government rate.

Any thoughts on which hotel to stay at and departure/arrival times for this meeting? I'd like to try the new travel request system and thought this would be the perfect guinea pig trip to use. Thank you in advance for your suggestions, lw
